

# Nominate a fellow Member for the **2012 Lampitt Medal**

## **The Lampitt Medal**

This award commemorates Leslie Herbert Lampitt (1887-1957), who worked tirelessly for SCI in many roles throughout his life. He founded the Society's internationally respected Food Group. Like other Members, he found working for SCI enjoyable, absorbing, and worthwhile. He held many offices in the Society, including the World Presidency from 1946-1948.

The Lampitt Medal provides a means by which the Society can honour Members who have taken inspiration from Leslie Lampitt's example, offering their own extraordinary gifts of time, leadership, vision and enthusiasm to the Society.

The Lampitt Medal is awarded to SCI members who have contributed outstandingly to the work of the Society in more than one area of the Societies activities. The length of service (particularly on the Board and major committees), the offices held and leadership in the development of initiatives will all be taken into consideration.

## **Who Can Nominate?**

Any member of SCI or its staff may make a nomination by completing a nomination form and sending it to the Member Services Department. Members of the Board, major committees and Groups are particularly invited to do so.

## **Decision Process:**

MAC will consider the nominations and make recommendations to BoT, for ratification. Normally, a maximum of one Lampitt Medal will be awarded in any one year.

Nominations can be submitted at any time during the year, but will only be considered once a year. The decision is final.

The Board reserves the right not to make an award if there are no suitable candidates.  
Conferment:

A medal and certificate will be prepared, signed by the Executive Director and the Chairman of the Board of Trustees.

Applications can be submitted to the Members Services Department by post, fax or by completing the online form:
