### Steve Foots - Croda

Steve holds the position of chief executive (CEO) of Croda International. He has worked for Croda for 21 years, starting as a graduate trainee in 1990. Since joining Steve has held a number of Managing Director roles across Croda's European business before moving onto senior management positions in the group, becoming President of Croda Europe in July 2010 and finally CEO of Croda International in 2012.

Steve's wide-ranging experience in the chemical industry has made him a strong business, operational and strategic leader. Steve uses these strengths outside of Croda as Chairman of the Chemical Growth Partnership (CGP).

Steve is also chairman of the Group Executive and Group Finance Committees, member of Group SHEQ Steering Committees, and a member of the Nomination Committee.

Steve's research interests include Biohydrogen, Food vs. Fuels debate, Advanced Biofuels, Production of Biofuels, Bioenergy.

Steve graduated from the University of York with a BSC in Chemistry.
