MENTORING programme

MID-CAREER

Develop and share skills, boost personal and professional development, make new connections – We are now accepting applications for our Spring 2021 mentoring programme!

SCI is committed to facilitating knowledge exchange, networking and learning through a range of products and services. Members' careers are supported through training, development, and employment opportunities.

The SCI Mentoring Programme is designed to match eligible mid-career members with a mentor who will help them to address specific goals or challenges in their professional development. Please contact mentoring@soci.org to register your interest.

Training sessions

- Training is provided to all participants to ensure maximum effectiveness
- Mentors and mentees each complete training before being matched
- **Mentor training:** Tuesday 27 April and Thursday 6 May / **Mentee training:** Thursday 29 April

Benefits of the SCI Programme

- Develop skills and experience over the course of a 12 month partnership
- Increase opportunities for your personal and professional development
- Open the door to new connections and expand your network
- SCI will provide training and support for all participants

Mentee benefits

- Refine your goals
- Expand your network
- Further develop leadership skills

Mentor benefits

- Share your knowledge
- Gain new perspectives
- Continue your own personal development

A 'mid-career professional' is defined by us as someone who:

- *has greater than 10 years' career experience*
- *is in a 2nd or 3rd role or has developed specialised expertise in a particular area*
- *wishes to develop in their current role or is thinking about their next step up the career ladder*
