2026 SCI® CANADA AWARDS

Celebrating excellence in science and business

This event will build on the success of 2025 and will bring together key members of the chemical and industrial community to celebrate the achievements of both the SCI® Canada Award Winners and Student Merit Award Winners.

The Awards dinner is a prestigious networking event that is pivotal in bringing science and business together by enabling and enhancing connections between industry, chemical science and engineering

professionals across the board.

The line-up of winners for this prestigious award come from across business and academia, with each individual having made a significant impact in shaping Canada's chemical and chemistry-using sectors.

This event brings science and business together by enhancing connections between industry and science professionals.
