MID-CAREER

SCI[®] MENTORING programme

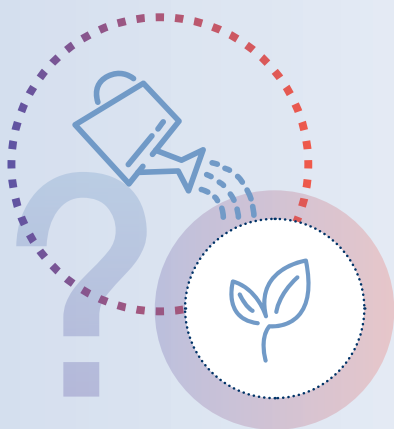

Develop and share skills, boost personal and professional development, make new connections – We are now accepting applications for our Autumn 2023 mentoring programme!

SCI[®] is committed to facilitating knowledge exchange, networking and learning through a range of products and services. Members' careers are supported through training, development, and employment opportunities.

The SCI[®] Mentoring Programme is designed to match eligible mid-career members with a mentor who will help them to address specific goals or challenges in their professional development. Please contact mentoring@soci.org to register your interest.

A 'mid-career professional' is defined by us as someone who:

- has greater than 10 years' career experience
- is in a 2nd or 3rd role or has developed specialised expertise in a particular area
- wishes to develop in their current role or is thinking about their next step up the career ladder

BENEFITS OF THE SCI PROGRAMME

- Develop skills and experience over the course of a 12 month partnership
- Increase opportunities for your personal and professional development
- Open the door to new connections and expand your network
- SCI[®] will provide training and support for all participants

MENTEE BENEFITS

- Refine your goals
- Expand your network
- Further develop leadership skills

MENTEE BENEFITS

- Share your knowledge
- Gain new perspectives
- Continue your own personal development
