EARLY-CAREER

SCI MENTORING programme

Develop and share skills, boost personal and professional development, make new connections – We are now accepting applications for our Autumn 2022 mentoring programme!

SCI is committed to facilitating knowledge exchange, networking and learning through a range of products and services. Members' careers are supported through training, development, and employment opportunities.

The SCI Mentoring Programme is designed to match eligible early career members with a mentor who will help them to address specific goals or challenges in their professional development. Please contact mentoring@soci.org to register your interest.

BENEFITS OF THE SCI PROGRAMME

- Develop skills and experience over the course of a 12 month partnership
- Increase opportunities for your personal and professional development
- Open the door to new connections and expand your network
- SCI will provide training and support for all participants

MENTOR BENEFITS

- Share your knowledge
- Leave a lasting impact on your mentee
- Gain new perspectives

MENTEE BENEFITS

- Further your goals
- Get insight into career options
- Gain confidence
