

# Climate change and agriculture: all you need to know in a day

Wednesday 6 March 2019  
SCI, London, UK

---

# CLIMATE CHANGE AND AGRICULTURE: ALL YOU NEED TO KNOW IN A DAY

ONE DAY EVENT AT SCI, LONDON, UK

---

## ABOUT THIS EVENT

This conference will be an overview of the impacts of climate change on agriculture and the range of options available to cope with the changes. It will also address the impacts agriculture has on the climate and the options available to reduce greenhouse gas emissions. If you want to get to grips with the state of the art in agriculture, food supply and climate change, then this conference will tell you all you need to know. In a day.

## EXHIBITING AT THIS EVENT

The event “ Climate Change and Agriculture: all you need to know in a Day” is an ideal opportunity for you to showcase your capabilities and products and build your network.

- Are you offering products or services that can help farmers to become more resilient to a changing climate?
- Are you able to help farmers become more resilient to a changing climate?
- Would you like to meet potential customers for your products & services, or development partners?

The conference is already attracting interest and we anticipate a good audience including researchers both from academia and industry, commercial companies who are solution providers, agribusinesses, farming community, public funders, professional organisations related to the agri-food supply chain, and wider stakeholders with interests in sustainability and climate change mitigation.

The conference will have dedicated sessions covering technical solutions, management solutions, as well as public acceptance and behavioural changes

This one day event will enable to you make a lot of new connections and raise profile of your organisation. There will be publicity ahead and post event that will include the names of exhibitors.
