

For the 28th successive year, SCI's Fine Chemicals Group presents:
28th Regional Postgraduate Symposia
on Novel Organic Chemistry

Organic chemistry students in the final year of their doctoral studies at UK universities (working in synthesis, mechanistic studies, methodology, medicinal chemistry or analysis) are invited to submit applications to present their work at one of three regional half-day symposia. The deadline for submitting applications is **Friday 10 March 2017**:

North

University of Newcastle
Monday 3 April 2017

Contact:

Prof Mike Waring

E: mike.waring@ncl.ac.uk

Scotland

University of Aberdeen
Tuesday 4 April 2017

Contact:

Dr John Plater

E: m.j.plater@abdn.ac.uk

South

University of Bath
Wednesday 5 April 2017

Contact:

Dr Alex Cresswell

E: a.j.cresswell@bath.ac.uk

The winning speaker in each symposium will receive a £200 cash prize and £100 will be awarded as a runner-up prize. Travel costs are refunded for all speakers selected. There are no entry or registration fees for speakers or attendees.

Students interested in presenting their work, or anyone who would like further information about these events, are encouraged to speak to their supervisor and contact the appropriate local organiser listed above. On applying to present at one of the meetings, please indicate how many attendees are likely to come from your department.

To register your attendance, please email the relevant contact.
