Nominations now open

Call for Nominations

SCI is continuing to focus on our renewed sense of purpose, as a multi-science and multi-disciplinary society, serving the diverse sectors in the modern chemistry-using industry.

Our charitable objective is to work at the interface between science and industry, supporting and promoting innovation and industry for the benefit of society.

To achieve this, SCI needs the support and involvement of its active and dedicated members. If you feel you have relevant experience and a passion for promoting scientific innovation – and if you would be willing to help SCI build its future in the space where science meets business – please do consider standing for election. The Board of Trustees is keen to ensure diversity of representation across gender, race and age.

The following elected positions are available:

▶ Chair of the Board of Trustees:	1 Chair
▶ Board of Trustees:	4 Ordinary Members,
▶ Finance and Investments Advisory Committee:	5 Ordinary Members,
▶ Membership Committee:	1 Ordinary Member,
▶ Publications Committee:	1 Ordinary Member.

Nominations are now open and will close at **midnight on Monday 21 May 2018**.

Please complete and return the Nomination Form with a photograph of yourself to AGM2018@soci.org before this deadline.

Full details of the nomination procedure, including the Nomination Form, are available via the SCI website at: www.soci.org/news

Electronic Voting in 2018!

As a result of the successful uptake of electronic voting in 2016 and 2017, we are making it the default option for 2018. The electronic voting system allows you to register your vote online quickly, with all of the required documents being available to review as you go through the online voting process. It will take around **15 minutes** for Members to register their vote.

Postal voting will still be available to those who have registered for it following our recent communications.
